DETAILED ACTION

The examiner acknowledges the applicant's submission of RCE dated 4/15/2008. At this point, claims 1-28 are pending in the instant application.

Conclusion

A. Subject Matter Considered Allowable

Claims 1-28 are allowed.

The primary reasons for allowance of claims 1 and 19 in the instant application is the combination with the inclusion in these claims that "saving substantially all of the device state of the VM, including an instruction pointer, a plurality of registers and settings for one or more virtual devices" and "handling disk COW faults to the COW disk file; handling memory COW faults to the original VM memory to generate copies of the original VM memory for read, write, and execution use by the VM". The prior art of record neither anticipates nor renders obvious the above recited combination.

The primary reasons for allowance of claim 23 in the instant application is the combination with the inclusion in these claims that "saving substantially all of the device state of the VM, including an instruction pointer, a plurality of registers and settings for one or more virtual devices" and "allowing the VM to execute, including executing code from the VM memory, during at least a part of the time during which the checkpoint is being generated, and ensuring that the results of any pending disk writes are applied to both the checkpoint virtual disk and the ongoing virtual disk, that the results of any new disk writes are applied to the ongoing virtual disk, but not to the checkpoint virtual disk,

that the results of any pending disk reads are applied to both the checkpointed VM memory and the ongoing VM memory, and that the results of any new disk reads are applied to the ongoing VM memory, but not to the checkpointed VM memory". The prior art of record neither anticipates nor renders obvious the above recited combination.

The dependent claims are allowable for the same reasons as the independent claims 1, 19 and 23.

B. Direction of Future Remarks

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submission should be clearly labeled "Comments on Statement of Reasons for allowance."
